Get to the Basketball Game Faster with SeaPort Airlines

Charter flights to Oregon and Washington PAC-10 games this season

Portland, Ore. — SeaPort Airlines offers the convenience of air travel without the hassle and delay of traditional commercial flights and now you can experience that convenience on game day with SeaPort's Game Plan charter flights. Game Plan flights can be customized from Portland or Seattle to all the PAC-10 home courts in Oregon and Washington which include Corvallis, Eugene and Pullman.

Game Plan packages start as low as \$189 per person and offer the benefits of fast, efficient travel times. As an added bonus, the SeaPort fleet offers ample cargo room to haul game-day supplies while carrying up to nine passengers. With SeaPort Airlines you don't have to miss a single game of the PAC-10 action this season.

In Seattle, SeaPort operates out of King County Municipal Airport, also known as Boeing Field, just south of downtown, and out of its own terminal adjacent to Flightcraft at Portland International Airport. Both sites avoid the congestion and delays associated with TSA checkpoints and the remoteness of Sea-Tac airport. SeaPort Air also offers the ability to arrive 15 minutes before your flight, on-site parking and an alternative to the congestion and delays of Sea-Tac airport.

For more information or for a customized charter quote, please contact Dan in the Portland office at 888.573.2767.
